\$40 Setting fee due at completion of setting.
\$50 Deposit is required at time of Print Order.

Master Card, and Visa accepted.

**Don't overlook our available discounts:
5% for cash payments
+10% for signing model releases
= 15% discount available**

Our Senior Portrait Packages include:

- A 90-120 minute session with formal and informal shots. This can be in the studio, at a nearby park, or a combination of the above. There are several parks within a short 15 minute drive of our studio.
- A minimum of 30 proofs for you to select from.
- In the studio, you have the option of seeing your proofs* on a LCD screen, moments after the photograph has been taken. This allows you to decide if you want to retake the photograph during the setting.
- Name and class year added to your wallets at no additional fee.
- Online viewing of proofs (password protected to allow you control who has access in viewing your proofs).
- A 5% discount for cash payments.
- A 10% discount for signing model release.
- Early bird specials on select packages.
- Use of personal props. For example band instruments, and sports equipment.

*note: not applicable for digitally created backgrounds or on-location settings.

A few tips to make great portraits:

- Eyeglasses – plan to see your eye care specialist about obtaining a pair of frames without lenses or instruction on how to remove your lenses for your setting. Lenses may cause reflections and distortions, which may require additional fees to correct.
- If you believe you may want a digital background, plan to bring atleast one set of clothes that do not contain green.
- For clothing, try to pick mid-tones and darker colors. Try to avoid stripes and plaids.

Prairie Life Studio

Prairie Life Studio

We are a part time photography studio located in Atkins, IA. The studio is based out of our home, and operates on weekends and evenings. Our studio offers family and senior portraits, and performs both studio and on-location photography.

We are members of the Professional Photographers of America, and National Association of Photoshop Professionals.

Our Studio has several backgrounds from which you may select. If we don't have a background you like, we can create a digital background for you using the Primatte Chromakey® technology. We are one of only a few studios in eastern Iowa that offer this service.
